COVID Corner

Christmas has come early for LBFSC! We have received confirmation from both the Province and Alberta Health that we can resume operations in the same limited capacity we did the last week of November. We will be back on the ice as of Sunday December 6th.

A reminder of the previous protocols

- No Rink Chair.
- No spectators. Please leave the building and don't congregate in the lobby.
- No Warm-up. The fitness studio is considered group fitness, so there won't be anywhere to warm up.

We thank everyone for their patience as we get back on the ice with these changes.

THANK YOU CASINO VOLUNTEERS

Thanks to everyone who volunteered at the recent casino! We recognize that working the casino requires a significant time commitment for those who sign up to help. Of all fundraising efforts, the casino raises the most. It allows us to subsidize ice costs, off ice classes, and provide competitive subsidies. In the past, we have used casino funds to hold special skating seminars.
