Program Assistants

Brenna, Nicole D, Alysha, Danielle, Kristen, Dena, Kailie, Ali, Jada, Macy, Morgan, Nicole K, Megan L, Natalie M, Jocelyn, Seema, Carly, Oksana, Natalie S, Kyla, Meghan, Miranda, Brooklyn, Jordan

Thank you girls for giving back to the club!

Our CanSkate fall session is well underway now and what a great start we've had! There is always a lot of energy and excitement on the first day of a new session. Of course the start of the

program was also highly anticipated by our figure skaters too! We had many volunteer to be Program Assistants. That should come as no surprise since many of

them have fond memories of learning to skate in CanSkate themselves! Coach Barb held a PA clinic in Sept and the girls had a lot of fun running through the stations and

practicing so they can assist on the ice. Do you have a friend interested in joining your child in CanSkate? Registration is ongoing and rates are prorated so it's not too late—spread the word!

Skate Canada Anniversary!

Lake Bonavista Figure Skating Club celebrates it's 35th year as a proud member of Skate Canada! Over the years, the club has offered top quality skating instruction at all levels.

The club offers an excellent introduction to skating in the preschool Learn to Skate program. Our highly successful CanSkate program follows a nationally developed and proven curriculum. It provides

children with a great foundation for figure skating, hockey, speed skating and ringette. The club has even produced some successful figure skaters who have reached the Canadian national level!

Of course none of this would be possible without our dedicated coaches and all the volunteers that help run this club. Thanks to everyone for continuing to build on our success as a skating club!

STARSkate Highlights

It was great to see so many new and returning faces at our Parent's Meeting in Sept! We hope that everyone came away having learned something new. Remember, if you are ever in doubt, ask your coach or a member of the board!

Our annual team wear sale gave everyone a chance to purchase new team jackets. It is always great to see the skaters proudly wearing their club logo, especially at competitions. Orders should arrive in Dec.

We had a great turn out at our PA Clinic with many new and returning skaters ready to help out on the ice with CanSkate. As well, we had some of our skaters and coaches attend a stroking and edges clinic hosted by the Foothills Skating club in Black Diamond. Both were a lot of fun for participants!

It's a busy couple weeks with some skaters attending the Canmore invitational last weekend and with the Sask Open competition coming up this weekend. Good luck to the following skaters as they head off to the Regina!

Pre-Juvenile: Brenna, Hannah, Jocelyn, Kyla
Juvenile: Ali, Macy, Jada, Megan L
Pre-Novice: Meghan

Calgary

Thank You

Thank you to TD Bank for their generous donation to the LBFSC as part of the TD Play program!

Lake Bonavista Figure Skating Club is fortunate enough to receive a casino every 18 months. The proceeds from the casino provide a substantial amount to the club, which we use to subsidize important programs such as off ice training and provide space for skaters to warm up, just to name a few.

Our next casino is November 9th and 10th at the Deerfoot Casino. It is crucial that we have enough volunteers so that we don't forfeit this great fundraising opportunity. Training is provided on the job so no previous casino experience is necessary. By taking a shift, you would be fulfilling BOTH your fundraising and volunteer obligation to the club, thus ensuring your fundraising/volunteer cheques of \$150 are not cashed.

Please go to the Members tab of our website and click on "Casino sign up" for a description of the positions and the shifts available. Please contact our casino coordinator Brandee Vaselenak at casino@lbfsc.ca
